DIGNITY - JUSTICE - UNITY

STRUGGLE OF YOUTH

Time to get into the Game!  
Be the real player, stop being the fence sitter!

**“God will not change the condition of people as long as they do not change their conditions themselves”**

We are so content with ourselves that we ignore to see so much of disparity and inequality in the society. Let's be the agent of change rather than waiting for a saviour.

**Let's assert youth power through:**

- Empowerment, equal opportunity and dignity of labour
- Asserting our Rights & fulfilling our duties towards our Nation
- Political sensitisation and creating a pressure group
- Promoting communal harmony and fighting against communalism

“The woods are lovely, dark and deep. But I have promises to keep, and miles to go before I sleep.” Robert Frost

**Solidarity - your companion, your friend.
